RE: Medical Malpractice Coverage

To Whom It May Concern:

The Curators of the University of Missouri maintain a self-insured medical malpractice program for its physicians and staff. The self-insured program covers all University Physicians and Health Related Professions for any and all procedures performed both at the University, and elsewhere, as long as all procedures are within the scope of their responsibilities with the University.

Faculty, staff and students enrolled in courses of instruction or practical training offered by, or under the supervision of the University of Missouri, are provided medical professional liability coverage under the University of Missouri Medical Professional Liability self-insured plan.

The self-insured medical malpractice program has a plan limit of \$7.5 million per occurrence and \$15 million annual aggregate. Reserves for the program are determined annually through actuarial study. The program is "occurrence" based, versus "claims-made".
